

# Intensive Supports

**We specialise in providing Intensive Supports to people with complex behaviours related to mental health and disability and who have had a previous history with, or are at risk of, entering into the justice system.**

Our services aim to prevent and reduce reoffending behaviours by way of supporting our participants to reintegrate into the community and engage in a positive and meaningful way.

We work together with participants, their families and carers to plan both short and long-term goals that are person-centred to assist in building confidence and self-esteem.

Through our supported accommodation, clinical behaviour supports and case management, we have a proven track record of supporting customers to gain a better quality of life and become contributing members of their local community.

## **What our customers can expect?**

We're committed to our customers. As part of our service delivery, our customers can expect reliable, responsive, flexible, friendly, empathetic and caring service.

### **Talk to us**

Contact one of our friendly staff at Lifestyle Solutions on 1800 634 748 for more information.

**You can access Intensive Supports by asking your Local Area Coordinator to include it in your NDIS plan.**
